End of week clean up crew	<ul style="list-style-type: none"> - Help clean up and put down decorations at the end of the week 	Friday evening and/or Saturday	

Detailed Position Descriptions

Group Leader

Kids will be divided into groups of about 10 and each group needs 2 group leaders that will guide them between stations and help them as needed at the various stations. These leaders will need to commit to the full week (or at least 3 days) and are key to developing relationships with the kids.

Age: 18+

Group leader assistant

You are there to help the group leader guide the kids through the stations, and help them as needed. Full week is preferred, but will take whatever days you can offer.

Age: 16+

Art Leader

You will be in charge of running the art station! You will head up the art activity for the day that plays into the day's theme, repeating it 4 times (with potential slight variations for the different age groups). You will have an assistant and the help of the group leaders and 'floaters' if needed.

You do not need to come up with the art activities yourself, though you can definitely give input.

Age: 20+

Art Assistant

You are there to help the Art leader as they need! This may be set-up, clean-up, hands-on help with the kids etc.

Age: 16+

Sign-in, Sign-out Crew

You are there to help parents register their kids daily and make pick-up at the end of the day go as smoothly as possible! In-between times, if you are able, you may be asked to assist in various capacities such as an extra pair of hands in the STEM class or art class or games.

This position is for the full week so parents get to know your friendly face and name!

Age: 18+

AV crew member

Know how to work the sound in the auditorium? We need you! Along with helping run the show at the start and end of the day, if you're able (and comfortable) we may ask you to pitch in wherever a helping pair of hands is needed throughout the day such as the STEM class, Art class, or game.

This would be a week-long commitment.

Age: 16+

Song Leader

Do you find yourself singing praises in the shower? Then maybe you can help us out! We need someone to lead a pack of crazy kids (and leaders) in worship throughout the week. We can pick the songs for you or you can chip in. Along with singing we may ask you to raise your voice above the hubbub of a STEM class or Art class (if you are comfortable with helping out elsewhere).

Age: 18+

Decorating Crew

Not a fan of screaming kids? (hey, I don't blame you!) Feeling a bit artistic or handy? We will need help setting up the week before for the camp. Dates/Times are yet to be determined, but there will probably be a couple so if you're willing to be called on or have some ideas to help it feel more like a mad scientist camp, we would love to hear from you!

Age: Can you paint?

Nursery help

We had an idea that if we could offer a free babysitter for parents that want to help out with the camp, but have a child that's too young to attend, it would be wonderful if we could help them out with it. We will have the nursery open for that but would need someone to look after those children.

Age: Parents or teen with babysitting course!

Games Leader

Energy! Energy! ENERGY! Sound like you? We need a game's leader! All the groups will be cycling through a game's station. This could be soccer, VBS type games.... Some creativity is welcome!

We can help you plan or give you full reign! (games will be outside or in the gym depending on the weather)

This position will be for the full week.

Age: 16+

STEM Leaders

We can't have a STEM camp without the STEM! We are looking for individuals who are science, engineering, technology minded to take on 1 day of the week (or you're welcome to do more) to teach a STEM class related to the day's theme.

It will be 2, approximately 2-hour blocks of time with a lunch break in-between. Each block of time will consist of an activity related to the theme,

Age: 20+

STEM Assistants

Like STEM but don't want the stress of leading? Well, our leaders need help! Your job will be to help them where needed, leading the class, as extra hands with the kids, set-up, clean-up etc.

Age: 16+

Snack

Help prepare snacks to distribute to the kids during mid-morning break. No need to bring the snacks (unless you would like to).

Floater

Helps as needed and make sure the hallways are free of kids roaming around
